

Stos::increase

Stos::push

AlgorithmStos::runAlgorithm

```
graph RL; A[AlgorithmStos::runAlgorithm] --> B[Stos::push]; B --> C[Stos::increase];
```

The diagram illustrates a control flow graph with three nodes arranged horizontally from right to left. The first node on the right is labeled 'AlgorithmStos::runAlgorithm'. A blue arrow points from this node to the second node, labeled 'Stos::push'. Another blue arrow points from the second node to the third node on the left, labeled 'Stos::increase'. The 'Stos::increase' node is shaded gray, while the other two are white.
